DETAILED ACTION

Claims 1-3, 6-7, 10-13, 16-17 and 20 are pending.

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-3, 6-7, 10-13, 16-17 and 20 are rejected under 35 U.S.C. 102(b) as being anticipated by Dougherty et al, 5,582,792. Dougherty et al (abstract; column 2, lines 39-63; examples and claims) discloses adding maleated fatty acids neutralized with diethoxylated alkyl amine (tertiary amine) and is added to a fluid in an amount (example 2 and claims 1 and 6) of 25 to 1000 ppm of said fluid. The drag reducing function and an amount of the additive effective to reduce drag would have been inherent to the methods and compositions of Dougherty et al since the methods and compositions read on and are otherwise anticipate the additive, method steps and concentrations for use as a corrosion inhibitor.

Response to Arguments

3. Applicant's arguments filed August 24, 2004 have been fully considered but they are not persuasive.

4. Applicants (pages 15 and 16 of the above noted response) assert the claims as amended are no longer anticipated by the Dougherty et al reference. This has not been

deemed persuasive because while the claims no longer recite the limitation of "alkoxylated amine salts of", said claims do recite and read on the limitation to "tertiary amine salts of" as disclosed in the Dougherty et al reference.

Conclusion

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
